

“

Whatever was written in former days was written for our instruction, that through endurance and through the encouragement of the Scriptures we might have hope.
- Romans 15:4

The goal of “HISTORY” is to teach kids the history around the Bible stories so that we can properly contextualize and understand each Scripture as it was originally received. “HISTORY” will also teach kids geographically where the Bible stories were happening.

What to expect:

- An activity to help kids get in the mindset of the original audience of the text or the people about whom the text was written.
- A geographical referencing to understand where in the world the story took place (sometimes a best guess).
- A teaching of a Bible story through the lens of the historical context around it.
- Images of relics or other relevant things from the time period being discussed.
- Prayer.
