What is Faithfulness?

Read Hebrews 11:1 (NIRV is a great version for young kids)

Other than seeing something, how else can you be sure it is there?

If you have bacon in your house, you would probably know it before you saw it. You might hear it sizzling while it cooks. You would probably smell it. Even if you were blindfolded, you could feel it or taste it before seeing it and know there is bacon! Without seeing God, how can we *know* he exists?

How can having faith that God is real and works for our good help us remain faithful (committed) to him?

Name 3 ways you can show God your faithfulness to him.
