

ROAD TO EMMAUS

## SMALL GROUP Q'S

- Have you ever had someone startle you by walking up on you and a friend? What would your initial reaction be to someone you don't recognize joining you and a friend and being involved in the conversation?
- The Bible says "their eyes were kept from recognizing him." The Greek word insinuates something or someone held control of their eyes. Why do you think they were kept from recognizing Jesus?
- How excited would you be to walk with Jesus and be taught by Jesus?
- Have you had a hard time in your life in which, looking back on it, you realize Jesus was walking with you?
- These travelers were confused and filled with wonder at the report of Jesus being resurrected. How easy or hard would it be for you to believe that report?
- Hospitality was one of the foundational characteristics of the Jewish people. Inviting a stranger into their home would have been almost expected. How different is that from our culture in America today?
- Jesus "acted" or literally "pretended" he was going to continue down the road. He was waiting for an invitation inside. Where is somewhere you have gone where you made sure Jesus was going with you?
- What would your reaction be to finally recognizing it was really Jesus who really resurrected eating with you?
- How would you react to him disappearing?
- Even though it was too late to travel, the travelers left right away to tell others what they saw. Are you urgently sharing the story of Jesus with others as they did?
