

Fam Jam

And God Said...

Sun, Moon
and Stars

05/03/26

Fam Jam

Get together with your fam and jam about the creation of the sun, moon, and stars!

Read
Genesis
1:14-19

What's bigger:
the sun
or moon?

Talk about why the sun, moon, and stars are necessary for us (light, tide, heat, etc.).

The sun, moon and stars separated day and night. Why is it important to God that we have day and night/light and dark?

How many stars do you think God made?

Talk about the importance of God specifically making all the heavenly lights to give light to the earth. (Gen. 1:17)

What did God create on the fourth day?
