# ANSWERED

Read John 9:1-7.

Who did Jesus see while he was passing by him?

How long had the man been blind? What do you think would be the hardest thing about not being able to see anything?

How would you react if you were blind and Jesus healed you? If your friend was blind and Jesus healed your friend?

A blind person cannot see anything. Their world is complete darkness. Jesus called himself "the light of the world" right before he healed the man's blindness. Talk about how Jesus helps all people see metaphorically while also healing this blind man literally.

Did Jesus need the mud to heal the man? Why is it important that the man washed in the pool named "Siloam" (which means "sent")?

Which part of Isaiah's prophecy in Isaiah 35:5-6 did Jesus fulfill in this story? What comes next, according to the prophecy?
