Read Mark 7:32-37.

*Heads up: we'll be coming back to this story shortly!

What does it mean to be deaf? What are some things in life that would be difficult or impossible without being able to hear?

Why do you think Jesus took the man aside and did it privately? Why do you think Jesus didn't want people to know about it?

Where did Jesus touch the deaf man? Why is it important that he touched his ears?

So far, we've seen Jesus heal a blind man by touching his eyes (with mud) and a deaf man by touching his ears. Do you think Jesus had to touch these people in order to heal them?

Play some songs your family recognizes. Play them on the lowest volume. See how close you need to get to recognize the song.

What is your favorite song? Show? Movie? Pray and thank God for ears to hear all of the things we can do to make our lives better.
