Read Mark 7:
31-37.

What were the
two physical
ailments this
man had who
saw Jesus?

It's kind of gross
that Jesus spit
before he
touched the
man's tongue.
Why do you
think he did
that?

What are some
things you use
words for? What
do you like to
do that would
be hard or
impossible if
you couldn't
speak?

People in this time and part of
the world were very symbolic.
Jesus spitting out of his mouth
symbolically showed he was
healing the mouth of the mute
man. Do you think Jesus had to
spit in order to heal the man?
Do you think Jesus had to touch
the man to heal him?

Back then, a
stranger with
dirty hands
touching your
tongue wasn't
that gross. Do
you think it
would be gross
for you?

People were
"astonished beyond
measure." What does
that mean? How does
Jesus astonish you
beyond measure?
